

Hunt Comfort Testimonials

“I have found that the Folding Classic by Hunt Comfort is the best seat and back rest available today.”

-Mark Thomas, Writer

“I just want to thank you again for your service and your great product. We all used your Climb Lite seat and it really made a difference. The “Do-Lolly’s” are a great addition to the seat. I am scheduled for back surgery in February and there is no way I could have sat all day on stand without the Climb Lite.”

-LAYNE MCDOWELL

“Your cushion are indisputably the best!”

Jon Kercher, *Gateway Outfitters*

“Your seats have saved my butt plenty of times while sitting and waiting and filming. Your seat allows me to keep up with the young boys. It keeps my legs alive so when it’s show time, I’m ready to film.”

“I’ve bought all those layered foams, feathers, cotton – all that stuff. There is nothing like the Hunt Comfort seat. It is wonderful. I love it!”

PHILLIP MONEYSMAKER, Pinehurst, NC

“The seats are working great and my clients have them all in use every day except for my small one that I keep hidden so they don’t get off with it. They really are great and make sitting for long periods a lot easier.”

-Judd Cooney, Writer and Guide

“Closed-cell foam is better than nothing, but not much better. I couldn’t wait to order one of Hunt Comfort’s gel and foam hunting seats and having one now is like plunking the ol’ tailbone into a pillow of marshmallows. There’s nothing finer!”

-Glen Wunderlich, Writer

“I was skeptical that anyone could improve on the cushion material I use in aviation, but the Hunt Comfort products really are high-tech advancements. There’s no way to understand how good these are until you spend a few hours on one. Trust me, your rear end will thank you.”

-Tom Gresham
Host of Gun Talk Radio

“I have to admit that the cushion is worth even more than I paid I sat all day and didn’t even flinch....Thanks for the email and the great product.

-Kraig Steeme, DVM

"When it comes to turkey hunting, nothing is more important than remaining still and quiet. Thanks to the Hunt Comfort Folding Classic Cushion, I was able to do just that during the 2006 Country Goes Huntin’ event. This cushion helped me to enjoy my time in the woods even more than I normally would. For someone who spends as much time outdoors as I do, comfort is a top priority. With my Hunt Comfort Cushion, I know I’ll have the patience and staying power to wait out even the most stubborn longbeards."

Michael Waddell, host of **RealTree Roadtrips**

“I have sat my rear on a lot of hard knotty dirt over the years but these seats are without a doubt the best I have ever used bar none.”

Paul Plante M.D., The Hunt Doctors

“It goes every time I go. It is the finest seat I have ever sat on”

Dennett Jackson, Kevin’s Fine Outdoor Gear

"The fact that you don't sink all the way through it like you do other foam pads makes it the best padded cushion I've ever sat on. I spend a lot of time in blinds both photographing and hunting, and it's just what I need."

Tes Jolly, Writer and Photographer

As cofounder of Country Goes Huntin', the biggest thing about success is making sure that the artists and camera guys are comfortable. When you try to cram a hunt into a one- or two-day period, it means you're logging long hours in the woods. The only way you can enjoy the experience is to sit on a comfortable cushion. Hunt Comfort kept us in the hunt. I attribute the success of this hunt to the cushions. When you try to get a country music artist, who's used to being active and on stage, to sit still in the woods for hours on end, it's impossible to do if he's not comfortable. Hunt Comfort Cushions helped the artists sit still thus increasing their odds of success. We took 16 turkeys during the event, and every single one of them was harvested by hunters using the Hunt Comfort Cushion. "

Sam Klement, Spectrum Outdoors, Cofounder Country Goes Huntin'

"The FatBoy is a fabulous product. I have never seen such an innovative hunting cushion. It's so thick and comfortable that you can literally sit anywhere on it...you can sit on it for hours and never feel the ground beneath you."

Butch Smith, Falls City

"I have nothing but good things to say about this cushion. It's the most comfortable cushion I've ever sat on. I have tried other hunting cushions in the past and they were all too hard and uncomfortable to do any good. This cushion is great."

EDDIE BURGE, SAN ANTONIO

"The cushion is absolutely the best cushion I have sat on. I first started out using it while I was hunting because of the camo pattern. It performed great. I am now using it for my everyday cushion. Thanks for a great product."

Kirk Thomas - National Coordinator/Founder **Wheelin' Sportsmen** NWTF

"When it comes to other cushions, there is no comparison. Hunt Comfort is far better than any other hunting cushion I've ever sat on. In fact, I'm so impressed with it that I took it with me to a conference, where as a keynote speaker, I presented it to the audience as a low-cost option for a great wheelchair cushion."

Sheila Burnham, Madison, MS

"I really enjoyed it.. I normally can sit for about 1 ½ hr and then have stand up for about 30 mins... With your seat I was able to sit for 3 ½ hrs with no problems.. Thanks again for building it.. It is perfect just what I was looking for."
